# ACKNOWLEDGEMENT

This project would not have been successful without the kind support and help of many individuals and organization. I would like to extend my sincere thanks to all of them.

I express my deep sense of gratitude to Vice-Chancellor, PESU **Dr. K N B Murthy** and **Dr. Veena S**, Chairperson, Department of MCA for providing the platform and opportunity for Mobile App Development project.

I am highly indebted to **Mr. Santosh Katti**, Assistant Professor, PESU for his guidance and constant supervision as well as for providing necessary information regarding the project and also for his support in completing the project.

I would like to express my gratitude towards my parents for their kind co-operation and encouragement which helped me in completion of this project.

My thanks and appreciation goes to my teammates in developing the project and people who have willingly helped me out in different capacities.

It took 2 months to learn the concepts and develop the project. It is definitely worth remembering those precious moments when new ideas popped up in our minds.

We have worked hard to the best of our abilities and tried not to make any mistakes. If any are found, they are unintended.

Vijaykumar R Pai

Ayush Pratyay

Subham Singh

## **ABSTRACT**

The objective of the project is to develop a micro blogging and social networking service on which users post and interact with messages known as "tweets". Once the user logs into the application, he can create new tweets, like tweets, retweets, follow hashtags, follow users and news feed. The application will provide all the features similar to Twitter.
